Career Objective

To obtain a challenging and rewarding position in game development that will allow me to make use of and improve my skills while making the best games possible.

Highlights of qualifications

I have worked with artists and designers in small groups in milestone oriented projects, taking on roles of designing, programming and writing, and in doing so demonstrated:

- A willingness to learn: Have spent a lot of time programming due to my self-driven motivation and desire to learn
- Systematic thinking and creativity: Excels in the development of concepts and ideas
- An enthusiastic interest in the current trends and preferences of the games industry
- Ability to work independently, both in a team and individually

Skills and abilities

Design Skills: Concept and design documentation, narrative and story design, character development, Voice Editing.

Software skills: Unity3D Engine, Microsoft Office, Adobe Creative Suite CS5, Unreal Development Kit, Audacity.

Analytic skills: Strong debugging, analysis and troubleshooting skills, often used in play testing, bug fixing or general game testing.

Programming Languages: C#, C++, HTML, CSS.

Notable Gaming Projects

- **Amor Fati.** Role: Lead Programmer. Unity Engine. 26 weeks in late 2014.
A 2D puzzle platformer created using Unity's 2D sprites and animations. I worked with the designers to brainstorm mechanics and levels, and artists to implement animations and assets. I also edited the game's voiced narration.
- **Rock it Science.** Role: Programmer. Unity Engine. 5 weeks in early 2014.
Developed in a group of five designers. A serious point and click game designed to teach school students how to perform basic science experiments.
- **RPG Combat System.** Solo Project. Unity 10 weeks in late 2014.
An independent project which focussed on building a combat system for an Isometric RPG.

Education

Bachelor in Interactive Entertainment: Major in Game Design. 2012 – 2014

SAE Institute, Sydney Australia

Certificate IV in Multimedia. 2011-2012

Loftus TAFE, Sydney, Australia.
